

### **Technical amendment regarding qualified improvement property**

The provision enables businesses, especially in the hospitality industry, to immediately write off costs associated with improving facilities instead of having to depreciate those improvements over the 39-year life of the building. The provision, which corrects an error in the Tax Cuts and Jobs Act, not only increases companies' access to cash flow by allowing them to amend a prior year return, but also incentivizes them to continue to invest in improvements as the country recovers from the COVID-19 emergency.
